

Eiffel scholarship to Master's student

The Eiffel Scholarship Program was established by the French Ministry of Foreign Affairs to help French institutions of higher education attract top international students to their master's and doctoral programs. Its purpose is to train future foreign decision-makers in the private and public spheres in priority areas of study. (Source: Campus France)

Congratulations to Ayla Moubayed coming from Syria! She is awarded [Eiffel scholarship](#) to join our Master's degree in [Telecommunications and Networks](#) in 2023-2024 at [Conservatoire National des Arts et Métiers](#) Paris for 2 years.

We do hope that with this precious scholarship from French government and the knowledge she will gain from our Master's program, her projects in robotics coaching for children and teens (see photo), in developing an AI tool to help healthcare practitioners with COVID-19 diagnoses and many more future plans will be accomplished.
